

Applying for permission to make Improvements to your home

Secure Tenants have the right to carry out improvements to their home. Before you do any improvement works to your home you must contact your Tenancy Plus Officer or apply for permission.

Improvements that you make without permission could mean that you have broken the terms of your tenancy agreement.

You are responsible for applying for planning permission and building regulation approval if required.

Complete the form below and we will contact you about your application. Depending on the nature of the permission requested, we may need to ask for further details from you and a home visit may be necessary to discuss the request in more detail.
